

K-12 VISITOR MANAGEMENT

Know who is in your schools

Screen and track everyone coming into your schools and keep unwanted entrants out. The Raptor[®] Visitor Management system screens for sex offenders, alerts staff of custody violations, and provides district-wide reporting for all visitors.

Raptor Technologies® is the nation's leading provider of integrated school safety technologies and is trusted to protect over 26,000 K-12 schools nationwide. The Visitor Management system has flagged more than 50,000 registered sex offenders and has issued over 250,000 custody alerts.

▶ **INSTANT SEX OFFENDER SCREENING**

Each and every visitor is instantly screened against the sex offender database in all 50 states.

▶ **CUSTOM CUSTODY DATABASES**

The Raptor® system checks visitors against custom databases set by each district, which may contain custody alerts and/or banned visitors.

▶ **ACCURATE VISITOR RECORDS**

Accurate and reliable visitor details and sign-in history are recorded for every visitor that enters your schools.

▶ **DISTRICT-WIDE REPORTING**

The Raptor Visitor Management system quickly and easily creates reports for entire districts and/or individual schools.

▶ **EMERGENCY PANIC BUTTON**

Displayed throughout the entire Raptor platform, emergency panic buttons allow front desk personnel to instantly alert a customized list of school officials and first responders.

“

We have been using Raptor district-wide now for almost two years. Their support element is superior to any I have ever worked with. **In one month alone, we caught and arrested 3 sex offenders using our Raptor system.**
